Listening in Color

God loves to commune with us in colors of quiet revelation. This contemplative retreat is an invitation to sense and listen to God through prayer and play in a world of creative expression.

Retreat Leaders:

A spiritual director for more than thirty years she is a proud member of the Audire teaching team, currently teaching in Year 2. Mary has a passion for art work and has engaged in art for many years with a history of offering retreats using art. She adores being a grandmother and indulging her grandchildren.
